Thanks again, SRO, for some of the best close racing around. My oldest and I have watched every race of the past six seasons.  
  
I hope that the main broadcasts always remain free. Like Turner in Atlanta giving the American SE the Braves each night, it is the best way to build a loyal following for generations. I realize organizations need to make money and pay salaries. I think some ...

Thanks for the great coverage GT World! I love this year's graphics with photos of the car and current driver shown throughout the race.

Usually I watch formula series racing but I need to keep up with this race series more! [15:14](#) the side by side for half a lap was insane racing by both drivers

This entire race was insane. Some of the best action you'll see in sports car racing is right here

GT World is the GT boss. Love the full racing grids with multiple classes filling them up. I was tired of seeing 12-15 cars. Mixing it up is a great solution.  
  
Congrats on the 500k subs. Should be way more though.

Great coverage along the entire race. I love the enthusiasm of both the commentators bringing across the atmosphere of the race! I did not have a picture for quite a while but still was 100% able to follow! Maybe I take my earphones with me in roughly a month to Hockenheim to watch AND LISTEN!

Thanks for the superb coverage. Great racing, and fantastic, quick camera replays so you know how events/collisions happened. Brilliant 👍

 **racing69\_by\_b\_roth** I must give you fellas a big commendation. We followed the live stream on YouTube from Germany an this was perfectly organised. An English, German, French and Italian stream and the commentators did a really good job. Please go on with that. This is pure Motorsport at it's best! 👍
